Transforming Our College: How We Should Invest Our Building Grant [Article Title]

By Jordan Bennett | Student Representative Article [Author Byline]

Our college community recently received wonderful news: we have been awarded a substantial funding grant to modernise our buildings and campus facilities. Although our current teachers and courses are excellent, several key areas of our learning environment require urgent renovation to match the high standards of our education. [Grant Context] [Urgent Renovation]

Our student committee has met several times to gather constructive feedback from learners across all departments. [Student Feedback]

Firstly, our main computer suites desperately need an upgrade. Many desktop terminals run outdated operating systems, which causes frustrating delays during coursework research and assignment submissions. Investing in high-speed computers, ergonomic desks, and reliable campus Wi-Fi would dramatically improve student productivity. [IT Facilities] [High-speed Tech]

Secondly, our student canteen and washrooms require complete refurbishment. The canteen currently lacks sufficient seating during peak lunch hours, and offering healthy, affordable meal options would encourage students to remain on campus to study together. [Canteen & Toilets] [Healthy Choices]

Finally, transforming the neglected courtyard into a bright social area with sheltered benches and indoor plants would give everyone a welcoming space to relax between lectures. Modernising these essential facilities will foster greater pride across our college, boost academic achievement, and ensure learners feel truly supported every single day. Every pound invested will provide lasting benefits for future student cohorts.

EXAMINER ASSESSMENT & MARK ALLOCATION · TASK 1 — 21 / 21 MARKS

Grid A: Composition & Organisation (Max 12 Marks) — AWARD: 12 / 12

· Flawless newsletter format: engaging title, author byline, and logical prioritization of campus improvements.

· Thorough prompt coverage: assesses existing facilities, explains IT & canteen needs, and articulates community benefits.

· Word count: 216 words (strictly meets 200 - 250 words). Constructive, persuasive, and community-minded tone.

Grid B: Spelling, Punctuation & Grammar (Max 9 Marks) — AWARD: 9 / 9

· Varied punctuation: colons for explanation, commas in listing, hyphens (high-speed, open-plan).

· Flawless grammar: complex conditional coordination, relative clauses, consistent tense structures.

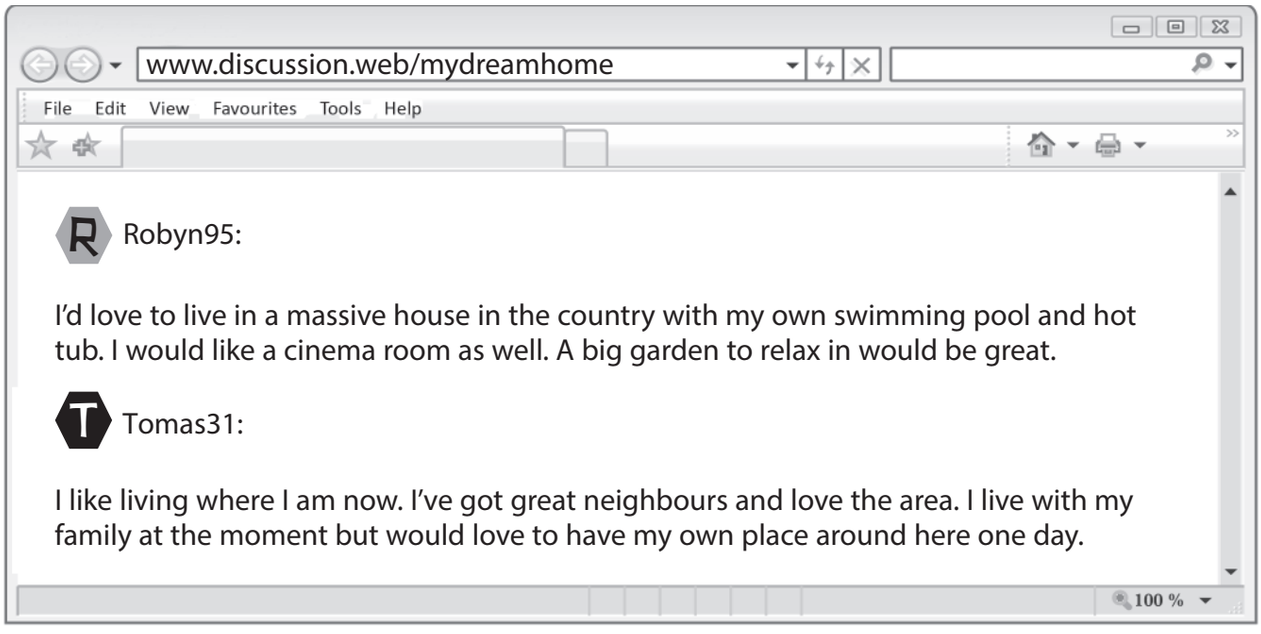

· 100% spelling precision (substantial, modernise, terminals, refurbishment, courtyard, achievement).

Forum Topic: My Vision of an Ideal Dream Home [Forum Title]

Posted by JordanB_24 | Community Discussion [Member Post]

Reading the contrasting posts by Robyn95 and Tomas31 shows that everyone envisions their dream home differently. While Robyn dreams of a luxury country mansion and Tomas loves his familiar neighbourhood, my ideal dream home would be an eco-friendly coastal cottage overlooking the sea. [Comparing Views] [Coastal Cottage]

My ideal home would feature three comfortable bedrooms, large open-plan living spaces, and floor-to-ceiling glass windows that let in abundant natural daylight throughout the day. Outside, I would love a wrap-around wooden decking area surrounded by vibrant wild flowers, where I could enjoy morning coffee while listening to the soothing ocean waves. The property would also incorporate solar roof panels and rainwater harvesting systems to remain energy efficient and environmentally self-sufficient. [Layout & Light] [Decking & Sea] [Eco Features]

I chose this peaceful setting because living close to nature provides immediate calm and relief from modern urban stress. Having a coastal retreat would allow me to pursue creative hobbies, spend quality time with loved ones, and maintain a truly balanced, healthy lifestyle.
