# TQUK Functional Skills Qualification in English at Level 1

## **Reading** Mark Scheme (Past Paper 1)

Past paper

### Mark scheme information

This mark scheme is intended to support the valid and consistent marking of the examination paper identified above. This mark scheme includes:

- the total mark available for each question
- the individual subject content coverage of each question
- further considerations which could or should be followed.

### Information for the marker

- All marking must be completed consistently and the mark scheme must be applied fairly.
- Markers should award full marks if the candidate deserves full marks.
- Markers should be prepared to award zero marks if the candidate's response is not worthy of credit according to the guidance for that activity.
- Crossed-out work should be marked unless the candidate has replaced it with an alternative response.
- There are no marks for spelling, punctuation and grammar in Reading papers, therefore errors are not penalised.
- Unless indicated, quotations and candidates' own words are acceptable.
