MASTER FUNCTIONAL SKILLS

ONLINE LEARNING PLATFORM & ACCREDITED COURSES

Pearson Edexcel & Open Awards Accredited Suite · Entry 3, Level 1 & Level 2

Pass Your Functional Skills Exams With Confidence

100% Pass Guarantee | Dyslexia-Friendly Learning | 1-to-1 Expert Tutor Support

Master Functional Skills provides an adaptive, dyslexia-friendly online learning platform tailored for adult learners, apprentices, and healthcare & vocational staff. Everything you need to revise, practice, and pass is at your fingertips.

1. Smart Diagnostic Initial Assessment

Calculate your exact working level and pinpoint knowledge gaps instantly

- **Exact Grade Calculation:** Adaptive assessments calculate your exact level across all topics.
- **Personalised Study Pathway:** Skip what you know; focus 100% on the topics needed to pass.
- **Real-Time Exam Readiness:** Predictive tracker confirms when you are 100% ready to book.

2. Comprehensive Video Lessons & Worked Solutions

Bite-sized visual explainers covering every single Maths & English curriculum standard

- **Step-by-Step Video Lessons:** Master percentages, algebra, perimeter, ratio, and reverse fractions.
- **Multi-Ink Handwriting Models:** Visual 3-colour methods showing working, carries, and examiner tips.
- **Tutor Shortcuts & Golden Rules:** Proven non-calculator mental arithmetic hacks and BIDMAS tricks.

3. Full Mock Exams & Real-Time Performance Analytics

Practice in exam conditions and watch your scores and confidence climb

- **Authentic Exam Papers:** Timed Section A & Section B papers formatted exactly like Pearson Edexcel.
- **Instant Topic Breakdown:** View percentage scores across Number, Measure/Shape, and Data.
- **Historical Score Tracking:** Monitor past attempts to ensure continuous improvement before exam day.

Source Texts Overview · Mobile Phones & Technology

MFS Stepped Model Solution Continuation Sheet (Overflow-Safe Layout)

Text 1: Online Forum (Raheem & Jemma) (Balanced Discussion Forum)

- Raheem supports mobile phones (internet access, lightweight, easy communication, checking up on people).
- Jemma opposes over-use (ruins real interaction, people staring silently on trains, security/accident risks).

Text 2: Technology Addiction Article (Formal / Warning Newspaper Article)

- Uses headings, sub-headings, bold capitals, and statistics to warn about sleep, isolation, and neck/back pain.
- Includes footnote defining technology (computer, tablet, phone) and isolation habits (streaming, gaming).

Text 3: Charity Phone-Free Challenge Leaflet (Persuasive / Instructive Charity Appeal)

- Uses rhetorical questions ('Are you prepared to take up my challenge?'), statistics (80% of 16-75s), and charity email.

Questions & Model Solutions · Mobile Phones & Technology

MFS Stepped Model Solution Continuation Sheet (Overflow-Safe Layout)

Question 1 (2 marks) · Text 1

Give one fact and one opinion Raheem or Jemma uses to support their view.

Model Answer:

Fact: You can use your mobile phone to go on the internet (or no-one was talking near them).
Opinion: Mobile phones make communication really easy (or mobile phones are ruining real interaction).

[1 mark fact + 1 mark opinion = 2/2]

Question 2 (1 mark) · Text 1

What does Raheem imply by 'You can also check up on them to see where they are'?

Model Answer:

You might be worried about someone, or suspicious about what they are doing.

[1 mark = 1/1]

Question 3 (2 marks) · Text 1

Identify the main reason Jemma is against mobile phones and explain how you know.

Model Answer:

Reason: They ruin genuine face-to-face interaction.
Explanation: Stated in her opening line and backed up with train and interrupted-conversation examples.

[1 mark reason + 1 mark explanation = 2/2]

Question 4 (4 marks) · Text 2

Identify two organisational features in Text 2 and give examples of information each helps you find.

Model Answer:

1. Heading: summarises that the article is about technology addiction.
2. Sub-headings (bold): locate specific problems such as sleep, isolation, and health.

[2 marks features + 2 marks examples = 4/4]

Question 5 (3 marks) · Text 2

Define technology as stated in Text 2 and explain two ways people can become isolated.

Model Answer:

Definition: Devices such as a computer, tablet, or phone.
Isolation: 1) Using music streaming devices or playing games alone; 2) Spending time in their own world.

[1 mark definition + 2 marks ways = 3/3]

Question 6 (2 marks) · Text 3

Identify one rhetorical question in Text 3 and explain its impact on the reader.

Model Answer:

Question: 'Are you prepared to take up my challenge?'
Impact: Engages the reader directly and prompts them to consider giving up their phone for charity.

[1 mark question + 1 mark impact = 2/2]

Question 7 (2 marks) · Text 3

What is the purpose of Text 3? Explain how you know.

Model Answer:

Purpose: To persuade readers to give up their mobile phone for a week to raise money for charity.
Explanation: Highlighted by the headline, negative points on tech use, and charity email link.

[1 mark purpose + 1 mark explanation = 2/2]

Question 8 (2 marks) · All 3 Texts

Texts 2 and 3 contain statistics, but Text 1 does not. Why is this?

Model Answer:

1. T2 and T3 make broad generalisations to shock/persuade readers, so stats add authority.

Questions & Model Solutions (Continued)

MFS Stepped Model Solution Continuation Sheet (Overflow-Safe Layout)

2. T1 is an informal forum sharing personal experiences where statistics are unnecessary.

[2 marks = 2/2]

Question 9 (4 marks) · Texts 2 & 3

Identify the writing styles of Texts 2 and 3 with one example from each.

Model Answer:

Text 2: Formal / warning, e.g. 'More people are becoming over-dependent on technology'.

Text 3: Persuasive / personal, e.g. 'You'll have loads of benefits'.

[2 marks styles + 2 marks examples = 4/4]

Question 10 (4 marks) · Texts 1 & 3

Compare the views in Text 1 and Text 3 on technology and how they are conveyed.

Model Answer:

Views: T1 is split between Raheem (pro-phone) and Jemma (anti-phone), whereas T3 agrees only with Jemma that phones disrupt family life.

Methods: Both use informal language, but T1 uses personal anecdotes while T3 uses statistics and direct questions.

[2 marks views + 2 marks methods = 4/4]

Question 11 (4 marks) · All 3 Texts

Which text is the least biased? Using all three texts, explain your selection.

Model Answer:

Least biased: Text 1.

T1 presents both positive (Raheem) and negative (Jemma) viewpoints, making the overall text balanced. Both T2 and T3 present only negative aspects of technology, and T3 pushes a charity agenda.

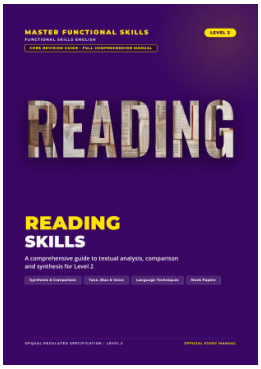

[1 mark selection + 3 marks cross-text justification = 4/4]
