Subject: Proposal for Digital Scheduling and Staff Cross-Training Initiative

Dear Sarah,

Following our recent quarterly review, I am writing to submit a formal proposal aimed at reducing customer enquiry turnaround times and eliminating administrative bottlenecks within our department. Over the past six months, demand has increased by nearly twenty per cent; however, our reliance on manual spreadsheets has led to duplicated bookings and avoidable delays.

To address these challenges, I recommend two practical actions. Firstly, we should adopt a cloud-based scheduling platform that automates appointment confirmations and flags overlapping bookings in real time. Secondly, I propose introducing weekly thirty-minute cross-training sessions so that every team member is confident handling both frontline enquiries and back-office processing during peak periods or staff absences.

Although implementing new software involves an initial setup fee and brief staff orientation, these modest upfront costs will be offset within six months through reduced overtime and fewer scheduling errors. To minimise disruption during the transition, we can pilot the system with one sub-team for two weeks before rolling it out across the entire department.

I would welcome the opportunity to discuss this proposal in greater detail at Friday's management briefing. Thank you for your time and consideration.

Yours sincerely,
Daniela Brooks
Senior Operations Coordinator

Task 2: Formal Public Consultation Review (30 Marks)

MFS Stepped Model Solution Continuation Sheet (Overflow-Safe Layout)

Task Brief:

Write a formal contribution to a local council public consultation reviewing community leisure facilities. State the facility used, evaluate strengths, identify urgent improvements needed, and propose practical solutions (200-250 words).

Format & Mark Scheme Checklist (SOS20-SOS26):

- Clear title & structured paragraphs
- Balanced evaluation of strengths & weaknesses
- Formal, constructive register
- Accurate SPaG throughout

Public Consultation Submission: Riverside Community Leisure Centre

I am writing to contribute to the council's public consultation regarding the Riverside Community Leisure Centre, which my family and I have used twice weekly over the past year.

There are several commendable strengths worth preserving. The reception staff are consistently welcoming, and the recently refurbished swimming pool offers clean, well-supervised sessions for both children and older residents. Furthermore, the extended evening opening hours make it realistic for full-time workers to exercise after work.

Nevertheless, two urgent issues require immediate attention. Firstly, the online booking portal frequently crashes during peak Monday morning release windows, leaving residents unable to reserve badminton courts or fitness classes. Secondly, the step-free access ramp beside the main entrance has uneven paving slabs and poor lighting, creating a serious hazard for wheelchair users and parents with pushchairs.

To resolve these problems cost-effectively, I urge the council to upgrade the booking server capacity and install non-slip surfacing alongside motion-sensor LED lighting on the access ramp before winter arrives. Investing in these targeted improvements will ensure the centre remains safe, accessible, and reliable for the entire community.
