MASTER FUNCTIONAL SKILLS

ONLINE LEARNING PLATFORM & ACCREDITED COURSES

Pearson Edexcel & Open Awards Accredited Suite · Entry 3, Level 1 & Level 2

Pass Your Functional Skills Exams With Confidence

100% Pass Guarantee | Dyslexia-Friendly Learning | 1-to-1 Expert Tutor Support

Master Functional Skills provides an adaptive, dyslexia-friendly online learning platform tailored for adult learners, apprentices, and NHS healthcare staff. Everything you need to revise, practice, and pass is at your fingertips.

1. Smart Diagnostic Initial Assessment

Calculate your exact working level and pinpoint knowledge gaps instantly

- **Exact Grade Calculation:** Adaptive assessments calculate your exact level across all topics.
- **Personalised Study Pathway:** Skip what you know; focus 100% on the topics needed to pass.
- **Real-Time Exam Readiness:** Predictive tracker confirms when you are 100% ready to book.

2. Comprehensive Video Lessons & Worked Solutions

Bite-sized visual explainers covering every single Maths & English curriculum standard

- **Step-by-Step Video Lessons:** Master percentages, algebra, perimeter, ratio, and reverse fractions.
- **Multi-Ink Handwriting Models:** Visual 3-colour methods showing working, carries, and examiner tips.
- **Tutor Shortcuts & Golden Rules:** Proven non-calculator mental arithmetic hacks and BIDMAS tricks.

3. Full Mock Exams & Real-Time Performance Analytics

Practice in exam conditions and watch your scores and confidence climb

- **Authentic Exam Papers:** Timed Section A & Section B papers formatted exactly like Pearson Edexcel.
- **Instant Topic Breakdown:** View percentage scores across Number, Measure/Shape, and Data.
- **Historical Score Tracking:** Monitor past attempts to ensure continuous improvement before exam day.

Ready to Master Your Functional Skills & Pass First Time?

Join thousands of healthcare staff, apprentices, and adult learners across the UK.

Instant 24/7 access on desktop, tablet, and mobile with no software to install.

NOCN Functional Skills Mathematics
Level 1 – Reform Sample Paper 1
Assessment Paper

Question 1

Estimate the answer to 39.856 x 7.421 **by rounding to whole numbers.**

Write your answer in the box below. **(2 marks)**

Step 1: Round each number to nearest whole number:

39.856 rounds to 40 and 7.421 rounds to 7 [1 mark]

Step 2: Multiply estimated values: 40 × 7 = 280 [1 mark]

Answer 280 ✓

Question 2

Find the mean of the numbers listed below:

4 1 6 29 3 23

Show your working out and write your answer in the box below. **(2 marks)**

Sum = 4 + 1 + 6 + 29 + 3 + 23 = 66 [1 mark]

Mean = 66 ÷ 6 = 11 [1 mark]

Answer 11 ✓

NOCN Functional Skills Mathematics
Level 1 – Reform Sample Paper 1
Assessment Paper

Question 3

Show ¼ as a decimal, then a percentage.

Show your answer in the table below.

Fraction	Decimal	Percentage
¼	0.25	25% [1 mark]

Use this box for your working out. **(2 marks)**

Step 1: Decimal = 1 ÷ 4 = 0.25 [1 mark]

Step 2: Percentage = 0.25 × 100 = 25%

Values entered in the conversion table above.

Question 4

Calculate 5% of £300.

Show your working out and write your answer in the box below. **(2 marks)**

Step 1: Find 10% of £300 = £300 ÷ 10 = £30

Step 2: Halve for 5%: £30 ÷ 2 = £15 [1 mark]

Or using decimal: £300 × 0.05 = £15

Answer £15 [1 mark]

NOCN Functional Skills Mathematics
Level 1 – Reform Sample Paper 1
Assessment Paper

Question 5

A sports shop records its sale figures for the last 5 months.

May sales are: seventy-two thousand, five hundred and twenty.

	Jan	Feb	Mar	Apr	May
(£)	135,700	87,300	109,600	52,525	72,520 [1 mark]

Add the May figure and place sales figures in order starting with the highest.

Write your answer in the grid below. **(2 marks)**

135,700
109,600
87,300 ✓ [1 mark]
72,520
52,525

NOCN Functional Skills Mathematics
Level 1 – Reform Sample Paper 1
Assessment Paper

Question 6

Sharron gets a total of £1050 each month.

She spends 3/10 of this on rent and 2/3 on food and bills.

How much money does Sharron have remaining?

Show your working out and write your answer in the box below. **(4 marks)**

Step 1: Rent = 3/10 of £1050 --> £1050 ÷ 10 × 3 = £315 [1 mark]

Step 2: Food & bills = 2/3 of £1050 --> £1050 ÷ 3 × 2 = £700 [1 mark]

Step 3: Total spent = £315 + £700 = £1015 [1 mark]

Step 4: Money remaining = £1050 - £1015 = £35 [1 mark]

Answer £35

End of Part A
Non-calculator

Part B - Calculator

You have 1 hour 15 minutes to complete this section.

You <u>may</u> use a calculator.

Instructions to learners

Part B: Calculator

You will need a pen, pencil, ruler and a calculator. You may need a protractor and compasses.

Use only blue or black ink. Pencil **<u>must only</u>** be used for drawing.

You can write or draw to show your answers.

You have **1 hour 15 minutes** to complete **Part B**.

NOCN Functional Skills Mathematics
Level 1 – Reform Sample Paper 1
Assessment Paper

Question 7

Dave owns a shop.

He buys 20 boxes of chocolate bars from a wholesaler to sell in his shop. Each box contains 20 bars.

47 bars are damaged.

Estimate what fraction of bars can be sold. Show the fraction in its lowest form.

Show your working out and write your answer in the box below. **(3 marks)**

Step 1: Total squares in grid = 20 × 20 = 400 squares

Step 2: Number of shaded squares = 400 - 47 = 353 [1 mark]

Step 3: Approximate 353 to nearest ten = 350 --> Fraction = 350 / 400 [1 mark]

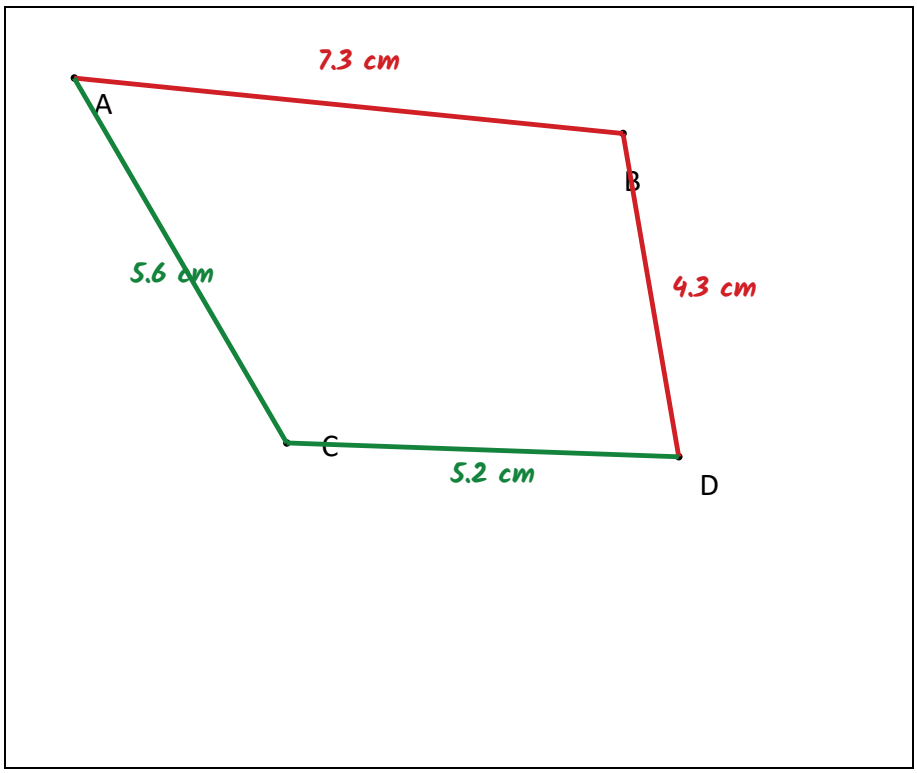

Step 4: Simplify: 350 ÷ 50 = 7 and 400 ÷ 50 = 8 --> 7 / 8 [1 mark]

Answer 7 / 8

NOCN Functional Skills Mathematics
Level 1 – Reform Sample Paper 1
Assessment Paper

Question 8

Paulina is planning a forest walk for her walking club. They will walk from point A to point D. They will need to stop for a water break at either point B or point C.

Scale: 1cm = 5km

What is the length of the shorter route in kilometres?

Show your working out and write your answer in the box below. **(4 marks)**

Route via B: 7.3 cm + 4.3 cm = 11.6 cm --> 11.6 × 5 km = 58 km [1 mark]

Route via C: 5.6 cm + 5.2 cm = 10.8 cm --> 10.8 × 5 km = 54 km [1 mark]

Comparison: 54 km < 58 km. Route via C is shorter by 4 km. [1 mark]

Answer 54 km (Route via C) ✓ [1 mark]

NOCN Functional Skills Mathematics
Level 1 – Reform Sample Paper 1
Assessment Paper

Question 9

A youth centre spends the day strawberry picking.

The tubs of strawberries are weighed individually.

Weight of Strawberry Tubs
570g
1kg
0.43kg
1200g
600g

Calculate the total weight of the strawberries. Give your answer in kilograms.

Show your working out and write your answer in the box below. **(2 marks)**

Step 1: Convert all weights to kilograms (÷ 1000):

570 g = 0.57 kg | 600 g = 0.60 kg | 1200 g = 1.20 kg [1 mark]

Step 2: Add all 5 weights in kg:

Total = 0.57 + 1.0 + 0.43 + 1.20 + 0.60 = 3.8 kg [1 mark]

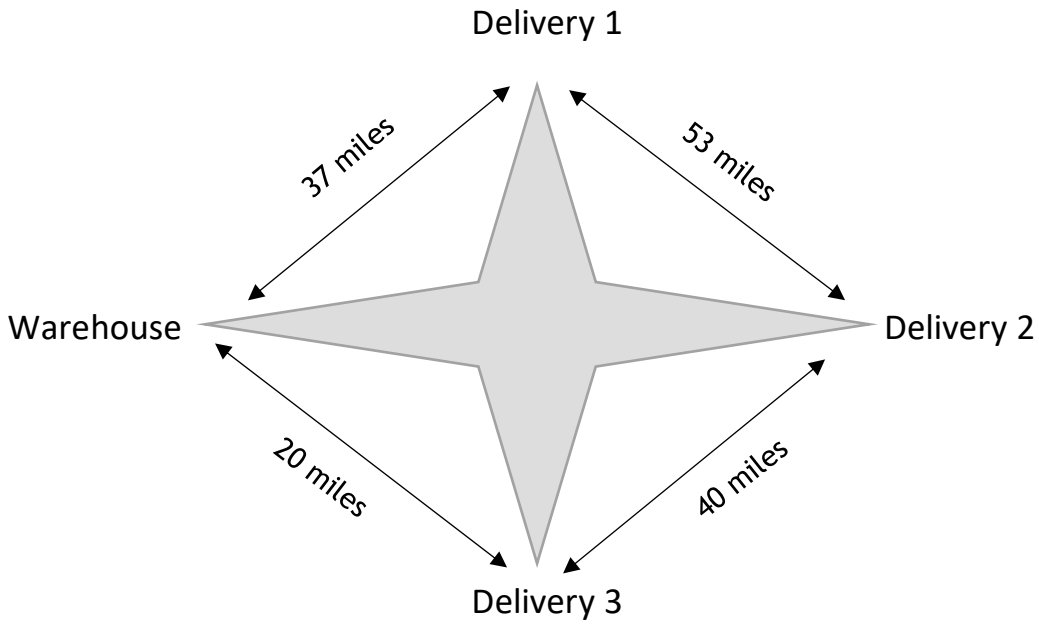

Answer 3.8 kg ✓ kg

NOCN Functional Skills Mathematics
Level 1 – Reform Sample Paper 1
Assessment Paper

Question 10

Jason is a delivery driver. He starts and finishes at the warehouse. Each delivery stop that Jason makes will take 20 minutes. Jason has three deliveries to make. Jason's average speed is 40mph.

Use the formula: ***Time*** (in hours) = ***distance*** (in miles) ÷ ***average speed*** (in mph)

Jason leaves at 9.00am.

What time will Jason get back to the warehouse?

Show your working out and write your answer in the box below. **(5 marks)**

Step 1: Total journey distance = 37 + 53 + 40 + 20 = 150 miles [1 mark]

Step 2: Driving time = 150 ÷ 40 = 3.75 hours (3 hrs 45 mins) [2 marks]

Step 3: 3 delivery stops × 20 mins = 60 mins = 1 hour

Step 4: Total journey = 3 hrs 45 mins + 1 hr = 4 hours 45 minutes [1 mark]

Step 5: Departs 9:00 am + 4 hrs 45 mins = 1:45 pm (13:45) [1 mark]

Answer 1:45 pm (or 13:45)

NOCN Functional Skills Mathematics
Level 1 – Reform Sample Paper 1
Assessment Paper

Question 11

Aaron takes 40 minutes to run 5 miles.

He wants to use this information to estimate how long it will take him to run a half marathon.

A half marathon is 13 miles.

What is the estimated time Aaron will take to run the half marathon? Give a reason why this estimate may be unreliable.

Show your working out and write your answer in the box below. **(4 marks)**

Step 1: Calculate pace = 40 mins ÷ 5 miles = 8 minutes per mile [1 mark]

Step 2: Total time for 13 miles = 13 × 8 = 104 minutes [1 mark]

Step 3: Convert to hours & mins: 104 ÷ 60 = 1 hour 44 minutes (1.733 hrs) [1 mark]

Reason Aaron may not finish in this time:

Fatigue over distance, hill elevation, weather conditions, or pacing issues mean running speed is unlikely to stay constant. [1 mark]

Answer 1 hour 44 minutes (104 mins) ✓

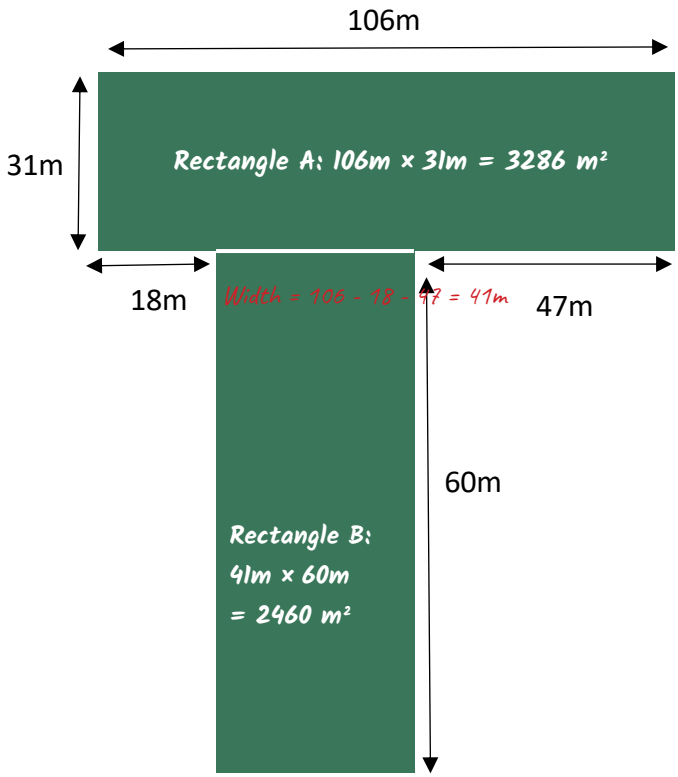

NOCN Functional Skills Mathematics
Level 1 – Reform Sample Paper 1
Assessment Paper

Question 12

A school needs to cut the grass on the playing fields. They have found two companies who offer a grass cutting service.

Fresh Cuts	***Green Gardens***
Fixed price £250	Grass cutting 4p per square metre

The diagram below is a plan of the playing fields.

NOCN Functional Skills Mathematics
Level 1 – Reform Sample Paper 1
Assessment Paper

PART OF nocn GROUP

Which company is the cheaper option for the school?

Show your working out and write your answer in the box below. **(6 marks)**

Step 1: Area of top section (Rectangle A) = 106 m × 31 m = 3286 m² [1 mark]

Step 2: Missing width of stem = 106 m − 18 m − 47 m = 41 m [1 mark]

Step 3: Area of stem (Rectangle B) = 41 m × 60 m = 2460 m² [1 mark]

Step 4: Total field area = 3286 m² + 2460 m² = 5746 m² [1 mark]

Step 5: Calculate Green Gardens cost = 5746 m² × £0.04 = £229.84 [1 mark]

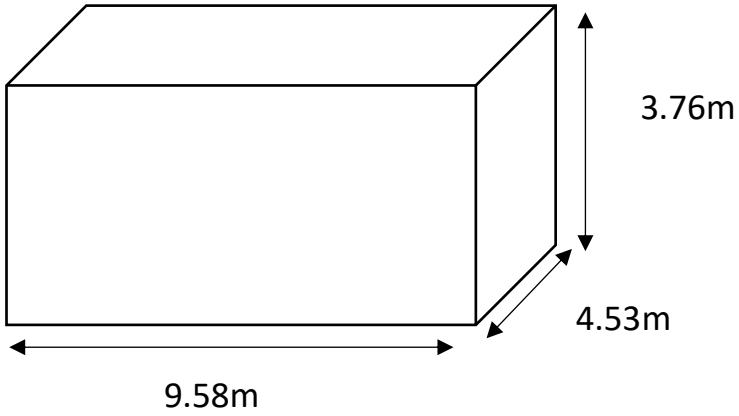

Step 6: Compare: £229.84 < £250.00. Green Gardens is cheaper by £20.16. [1 mark]

Answer Green Gardens (£229.84 vs £250.00, cheaper by £20.16)

Assessment Paper

Question 13

Calculate the volume of the cuboid below, give your answer to 2dp.

Show your working out and write your answer in the box below. **(3 marks)**

Step 1: Volume of cuboid = Length × Width × Height

Volume = 9.58 m × 3.76 m × 4.53 m = 163.174224 m³ *[1 mark]*

Step 2: Round to 2 decimal places: 163.174... --> 163.17 *[1 mark]*

Include correct cubic units: 163.17 m³ *[1 mark]*

Answer **163.17 m³** ✓

Assessment Paper

Question 14

Ann looks at her bank statement online; it shows she is overdrawn.
The account balance is:

$$-\text{£}375.20$$

Ann knows her monthly wage of £1,525.80 will go into the account today.

What will the balance on the account be after the payment has been received?

Show your working out and write your answer in the box below. **(2 marks)**

Step 1: Overdrawn balance = -£375.20

Step 2: Add wage deposit: -£375.20 + £1,525.80 = £1,150.60 [1 mark]

New balance is £1,150.60 (in credit)

Answer **£1,150.60** ✓ [1 mark]

Assessment Paper

Question 15

Rob is looking at sale numbers for his new brand of ladies' shoes in the last year. He records the information in a table.

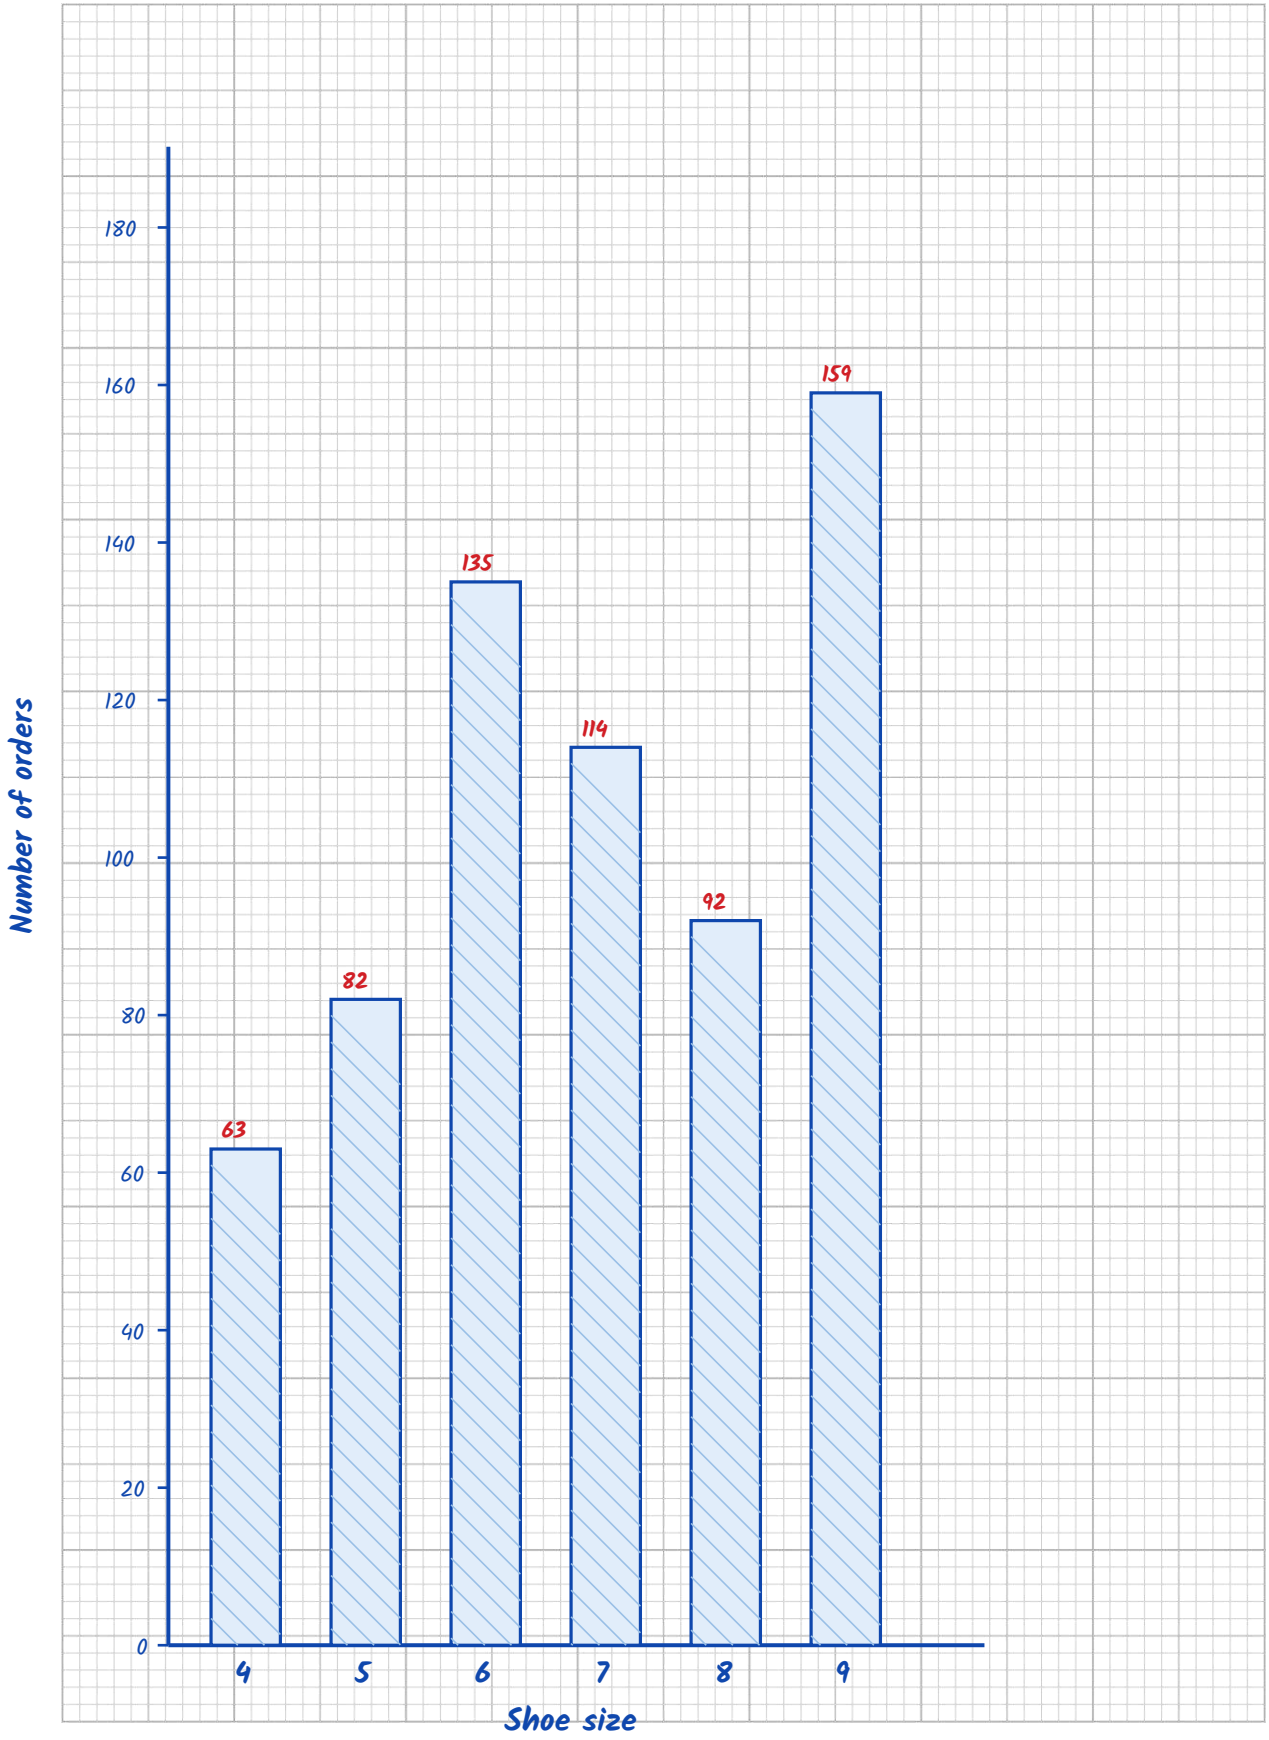

Shoe Size	Number of Orders
4	63
5	82
6	135
7	114
8	92
9	159

Use the space on the next page to draw a suitable chart showing Rob's findings.

Assessment Paper

Question 16

A student rail card gives 15% off the original price.

Sue uses her rail card to buy a ticket home; the original price is £120.

How much will Sue pay for her train ticket using her rail card?

Show your working out and write your answer in the box below. **(2 marks)**

Step 1: Calculate 15% discount on original price £120:

15% of £120 = £120 × 0.15 = £18.00 discount [1 mark]

Step 2: Subtract discount from ticket price:

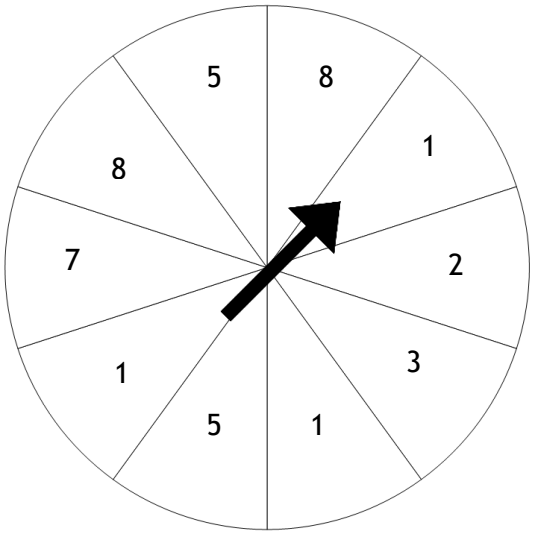

Ticket cost = £120 – £18 = £102.00 [1 mark]

Answer £102.00

NOCN Functional Skills Mathematics
Level 1 – Reform Sample Paper 1
Assessment Paper

Question 17

At a party the children are playing a board-game, they have to spin the arrow to know how many spaces to move.

a) What is the probability that the arrow will land on the number 5? Show your answer as a fraction in its simplest form.

Show your working out and write your answer in the box below. **(2 marks)**

Number 5 appears 2 times out of 10 total sections *[1 mark]*

P(landing on 5) = 2 / 10 = 1 / 5 (or 0.2 / 20%) *[1 mark]*

Answer *1 / 5 (or 2 / 10)* ✓

b) Which number has the highest probability that the arrow will land on it in the board game? Explain your answer. **(2 marks)**

Frequency: Number 1 appears 3 times (more than any other number).

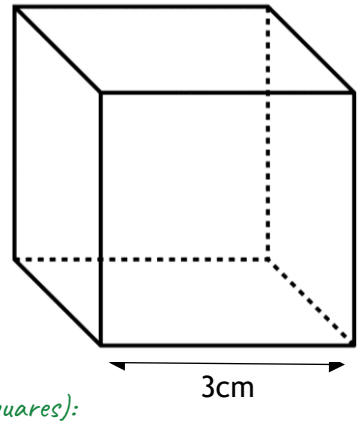

Therefore, Number 1 has the highest probability (3/10 or 30%). *[2 marks]*

Answer *Number 1 (appears 3 times on spinner)* ✓
