Level 1 Model Answer: Article

Making Greenwood Park Better for Everyone By Sam Taylor Greenwood Park is a wonderful green space in our town. Every week, many families, dog walkers, and children visit the park to exercise and enjoy the fresh air. However, there are several things that need urgent improvement. Current Problems Firstly, there is too much litter on the grass because there are not enough rubbish bins. Dogs sometimes eat leftover food packaging, which is dangerous. Secondly, several wooden benches are broken and have sharp splinters, so elderly residents have nowhere comfortable to sit. Ideas for Improvement To solve these problems, the council should install more recycling bins near the main gates. In addition, adding an outdoor gym with simple fitness equipment would encourage adults and teenagers to stay active. It would also be great to organize weekend football games or sports days for children. In conclusion, Greenwood Park is important to our community . If we fix the damaged seats and add new facilities , our park will be cleaner, safer, and more welcoming for all residents.

To: sandra.hughes@oakwoodleisure.co.uk Subject: Ideas for Healthy Living Week next month

Dear Sandra, I am writing to share some ideas for our upcoming Healthy Living Week at the centre. Firstly, I think we should offer 30-minute taster fitness sessions , such as gentle yoga and beginner indoor cycling. Secondly, we could set up a healthy snack stall in the lobby offering free fresh fruit and low-sugar smoothie samples. In my opinion, Tuesday and Thursday evenings between 6:00 pm and 8:00 pm would be the best times to run these events. Many members visit after work on those days, so the classes will be well attended according to our current timetable . To encourage beginner members, we could give everyone who joins a free water bottle and a 10% discount voucher for their next gym class or healthy cooking workshop . Please let me know what you think of these suggestions. Kind regards, Alex Reed Customer Assistant

Mr Paul Jenkins Flat 3B, Riverside Court Cityline Lettings Station Road 45 High Street Westford, WF1 4AB Westford, WF2 8TR 3rd September 2026

Dear Mr Jenkins, I am writing to make a formal complaint regarding unresolved maintenance issues at my rented flat, Flat 3B Riverside Court. I moved into this property three weeks ago under a one-year tenancy agreement. Firstly, the shower only produces hot water for two minutes before turning freezing cold. This makes getting ready for work very difficult and stressful every morning. Secondly, the lock on the back door is loose and jammed. This is an urgent security risk because my family and I cannot lock the door securely at night, which puts our safety in danger. I have called your office twice to report these problems, but no technician has visited yet. Therefore, I request that a qualified contractor visits my flat to carry out the necessary repair work by Friday 11th September. Please treat this deadline with priority. I look forward to hearing from you soon to confirm a repair date. Yours sincerely, Jordan Miller

Level 1 Model Answer: Report

Report on: Student Morning Travel and Parking Issues To: Mrs Brenda Clark, College Principal From: Taylor Evans, Student Committee Member Date: 3rd September 2026

Purpose of this Report The purpose of this report is to explain the daily travel problems experienced by students and suggest ways to improve morning access to the campus. Current Problems Firstly, the main student car park is full by 8:45 am every weekday. As a result, students struggle to find spaces and arrive late for morning lessons. Secondly, public transport is unreliable. The local bus is frequently delayed , and the bus stop outside college has no rain shelter , so students get wet in bad weather. Finally, many cyclists worry about bike theft because the bike racks have poor lighting and no CCTV security . Recommendations To improve the situation, I suggest the college takes two actions: Expand the bicycle parking area and install a security camera to encourage cycling. Speak to the local bus company to request more frequent buses before 9:00 am. These practical steps will help students arrive safely and on time.

Workplace Incident Report Date & Time: Wednesday, 2nd September 2026, at 10:30 am Location: Stockroom Loading Bay, Trend Fashion Person Involved: Tom Harris (Sales Assistant) Reported by: Chris Kelly (Shift Supervisor)

Description of the Incident On Wednesday morning, Tom Harris was unloading delivery boxes from a wooden pallet in the rear stockroom. He lifted a large cardboard box filled with heavy winter coats. Because the box was overfilled, Tom felt sudden sharp pain in his lower back and dropped the box onto the floor. Action Taken & First Aid I immediately told Tom to rest in a chair and called Rita Gomez, our trained first aid officer. Rita applied an ice pack to Tom's back and recorded the details in the accident book. Tom was advised to see his doctor for an examination. Cause and Recommendations The delivery box had no heavy-weight warning label, creating an unexpected hazard . Furthermore, Tom had not yet completed his manual handling training course. To prevent another injury , all staff must complete lifting training before working in the stockroom, and suppliers must label heavy cartons clearly.

Beat Exam Stress: Top Tips for Smarter Revision! A practical guide for all students preparing for upcoming exams

Exams can feel scary, but preparing early is the best way to reduce exam stress . When you organize your study time in advance, you will feel calm, prepared, and confident on exam day. Three Top Tips for Success: Create a daily study schedule : Plan 30 to 45 minutes of study each day rather than cramming the night before. Take regular short breaks: Get up, drink water, and stretch your legs every half hour. This protects your health and mental wellbeing . Remove digital distractions : Put your mobile phone in another room or turn off social media notifications while doing your revision . Need Extra Support? If you ever feel overwhelmed or stuck with a topic, you do not have to struggle alone. The quality of the food was fantastic. I ordered a warm chicken roll with homemade vegetable soup, followed by a sweet flapjack. Everything tasted fresh and hot. The café offers excellent value for money because they have a £5 lunchtime meal deal which includes a sandwich, drink, and snack. The staff provided fast and cheerful customer service , and the counter area was very clean. However, the background music was playing too loudly, which made it hard to chat. If they turned down the volume slightly, the atmosphere would be much more relaxing. Despite the loud music, this lovely café is definitely recommended for a tasty and affordable lunch!

Hi DogLover99, This is a great question! In my opinion, it is much better to adopt a rescue dog from a local animal shelter. Firstly, thousands of lovely dogs in animal shelters need a loving second chance. When you adopt from a reputable shelter , the staff will match your family with a calm dog whose personality fits your home. Many rescue dogs already understand basic house rules, so they require less toilet training than a young puppy. However, whether you choose a rescue dog or a puppy, owning a dog is a massive lifelong commitment . You must consider the financial responsibility , including regular food costs, pet insurance, and unexpected veterinary bills for illness or injections. I hope this advice helps you make the right choice for your family. Good luck finding your new four-legged friend!

- **adopt:** legally take another animal or child into your family rescue dog

Student Learning Log & Reflective Diary Date: Wednesday, 2nd September 2026 | Session: Workshop Day 1

Yesterday was my first practical session in the training workshop. At the start of the morning, I felt very nervous because the workshop was noisy and busy. I struggled to remember where the tools were kept and felt worried about making mistakes with the equipment . Fortunately, the afternoon went much better. Our tutor, Dave, demonstrated how to inspect our workbench and wear correct eye protection. I worked with my partner , Chloe, and we followed every health and safety rule carefully. We completed our practical assembly task successfully without any errors, which gave my confidence a huge boost. For my next session, my target is to locate and select all required tools independently before the practical demonstration begins. Overall, it was a challenging first day, but I learned a lot!

Dear Mr Green,

I am writing to make a formal complaint about the broken living room window in my flat. The window hinge broke three weeks ago and the window will not close fully.

Because of this, cold wind and rain come into my living room every day. My flat is very cold and my heating bills have increased. I have telephoned your office twice, but nobody has visited.

Please send a repair technician to fix the window by Friday 20 November. I look forward to your prompt response.

Yours sincerely,
Alex Smith **[21/21]**

By Sam Taylor

Next month our company is holding a Healthy Living at Work week. Here are some simple ways we can all look after our health during our working day.

Drinking water regularly keeps us alert and focused during busy shifts. Try bringing fresh fruit, nuts, or homemade sandwiches instead of buying crisps or chocolate from the vending machine.

Also, please join our new lunchtime walking club. A twenty-minute walk in the fresh air every day will boost your energy and help you feel refreshed. Let's make our workplace healthier together! **[15/15]**
